DORMAN ADVANTAGES:

- Fully assembled, saving over an hour of bench build time
- Includes new bracket, not available separately from OE
- Plug-and-Play direct fit connector

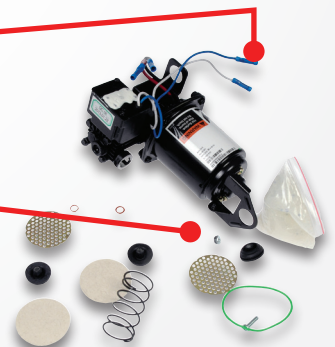

DORMAN Helps You Avoid These Common Installation Problems:

Original mounting brackets can be rusted and worn and may not be able to be reused

Electrical connection uses butt connectors which can work loose or rust and corrode over time

Ships without replacement brackets and requires bench time for complex assembly prior to final installation

PROGRAM ADVANTAGES:

Fully Equipped Assemblies Ready to Install Right Out of the Box!

- Includes replacement components for commonly failed original parts
- Everything needed for a complete repair

Labor Savings

- No bench rebuilds required
- No ECU programming required

100% NEW - no core handling or charges

***Backed by Dorman's
Limited Lifetime Warranty***
